

AS-200™

Automatic Stacker

FEATURES

- Creates stacks of items up to 30 cm (12") high & transports them to the next operation
- Combines with bagging systems to produce multi-packs
- Compact & affordable

Self-contained and freestanding AS-200 automatic stackers can be fed directly from most automatic folders. They require minimal floor space and accept a wide variety of products up to 30 x 38 cm (12" x 15") in size, indexing user-set counts into uniform stacks up to 30 cm (12") high. Those stacks can then be sent to automatic baggers or onto conveyors. AS-200 stackers feature elevated discharge, which frees operators from repetitive stooping and bending.

AS-200 stackers feature product thickness adjustment, variable infeed speed, adjustable infeed and outfeed heights, and a programmable counter. An LCD touchpad interface controls most functions. Extended accumulation footage is optionally available. The AS-200 is built to specifications established by the European Committee for Standardization® (CE) and Underwriters Laboratories® (UL), and it's backed by a one-year limited warranty. The AS-200 is engineered for dependable performance and low maintenance in demanding, high-production environments, and can be easily integrated with other Amscomatic equipment into automatic folding/bagging/sealing systems.

All equipment from The M&R Companies is built with M&R's unsurpassed attention to detail and commitment to quality, durability, innovation, and design excellence, and is backed by M&R's unparalleled 24-hour access to service, support, and premium parts. It's no wonder M&R is the first name in screen printing equipment.

SPECIFICATIONS

	AS-200
Air @ 80 psi (5,52 bar)	142 l/min (5 cfm)
Electrical Requirements ¹	110 V, 1 ph, 17 A, 50/60 Hz, 0.55 kW 208/230 V, 1 ph, 12 A, 50/60 Hz, 0.55 kW
Overall Size (L x W x H)	119 x 84 x 84-99 cm (47" x 33" x 33"-39")
Shipping Weight	227 kg (500 lb)

¹ If incoming voltage differs from the voltage(s) listed in this brochure, calculate amperage accordingly. Other electrical configurations are available. Contact The M&R Companies for details.
