

LS-300™

Long Sleeve Folding Attachment

FEATURES

- Pre-folds long sleeves before the garment enters the folding machine
- Works with most types of long-sleeve garments
- Improves product appearance and increases productivity

The Amscomatic LS-300 is a simple, effective way to expand the capabilities of the K-840 and K-895 Automatic Folding Systems to include automatic folding of long-sleeve garments. Its sophisticated control panel enables operators to easily adjust the LS-300 to quickly and efficiently fold most kinds of long-sleeve garments. The LS-300 can also be used during normal short-sleeve garment folding, so there's no need to change the configuration of the folding line when changing garment type. LS-300 also incorporates Amscomatic's patented "dual-belt" (upper and lower) transport system for maximum versatility and excellent performance when folding garments printed with high density or gel inks.

The LS-300 is built to specifications established by the European Committee for Standardization® (CE) and Underwriters Laboratories® (UL), and it's backed by a one-year limited warranty. Amscomatic folders are engineered for dependable performance

and low maintenance in demanding, high-production environments, and can be easily integrated with other Amscomatic equipment into automatic folding/bagging/sealing systems.

All equipment from The M&R Companies is built with M&R's unsurpassed attention to detail and commitment to quality, durability, innovation, and design excellence, and is backed by M&R's unparalleled 24-hour access to service, support, and premium parts. It's no wonder M&R is the first name in screen printing equipment.

SPECIFICATIONS

	LS-300
Overall Size (L x W x H)	126 x 81 x 130 cm (49.5" x 32" x 51")
Electrical Requirements ¹	110 V, 1 ph, 3 A, 50/60 Hz, 0.4 kW 220 V, 1 ph, 1.5 A, 50/60 Hz, 0.4 kW
Shipping Weight	330 kg (725 lb)

¹ If incoming voltage differs from the voltage(s) listed in this brochure, calculate amperage accordingly. Other electrical configurations are available. Contact The M&R Companies for details
