All-Electric Press • Built-in Flashes • 5-Year Warranty

Adjustable Screen Holders

Quick-Release Pallets

The BEE™ is M&R's first all-electric screen printing press with no air compressor needed! This compact press prints fast, has a user-friendly digital touchscreen HMI, and is designed to print neck labels, pockets, sleeves and a wide variety of promotional items, such as caps, hats, socks and infant wear. Built-in laser guides over the load station make accurate garment positioning quick and easy. The fully-electric BEE mounted on caster wheels is highly maneuverable around your shop for offloading smaller tasks from larger presses.

BEE Production Package

All BEE purchases from M&R are shipped with the following:

- (8X) Quick-release 4"x 10" pallets
- (1 SET) Angled squeegee holders with rubber
- (1 SET) Winged 6" floodbars
- (3X) 11"x15" screens

The 8-station BEE is available in 1-, 2- and 3-color configurations with 3 built-in flashes. With its combination of versatility, speed, and ease of use, the BEE from M&R provides huge value and productivity in an amazingly compact and portable package.
