

DS-4000™

Digital Printhead for Hybrid Printing on Textiles

Screen Printed Underbase

Digital Printed Colors

Variable Data Using Same Underbase

Digital Squeegee®

The DS-4000 Digital Squeegee offers the ideal hybrid printing solution by combining high-resolution digital printing with the speed and savings of screen printing.

Complicated artwork can be set up and printed quickly with a minimum of screens and without costly separations or custom ink mixes. The Digital Squeegee prints a high resolution CMYK image on top of an inexpensive screen-printed underbase on a variety of fabric types.

At 400 prints per hour the DS-4000 bridges the gap between standard DTG imaging and traditional screen printing.

FEATURES

- Full color CMYK prints on screen printed underbase at 400 shirts per hour!
- Compatible with Stryker™, Challenger® III, and Gauntlet® III automatic presses
- Maximum image areas from 38 x 48 cm (15" x 19")
- Fast set-up with minimal screens and no pre-treatment
- Custom digital prints with special effects on cotton and polyester performance fabrics
