

## Flatbed Graphic Press

Renegade™ is a compact press designed for high line-count, four-color process printing. It produces exceptional results by allowing pressure to be focused on the image area. Standard features include repositionable squeegee/floodbar pressure cylinders and Job Recall™, which allows operators to store settings like peel ratio, dwell time, and start/duration times for blowback and vacuum. These settings can be recalled later for repeat jobs, significantly reducing setup times.

Microprocessor technology and sophisticated operator controls make Renegade easy to use. A production speed monitor ensures more exact job costing. Vacuum bed has dial indicators that measure bed movement in .0025 cm (.001") increments; and an electronically adjustable ink retrieval system keeps ink in the print area. Maintenance-free, brushless AC electric motors with variable-frequency drives ensure smooth, precise operation. Tool-free four-corner off-contact settings allow quick and accurate screen leveling, and front screen loading simplifies and speeds screen changes.

## FEATURES

- **Job Recall™** remembers settings for repeat jobs to significantly reduce setup times
- **Maximum image areas** from 66 x 97 cm (26" x 38") to 102 x 142 cm (40" x 56")
- **Optional dripless squeegee and stepper-motor peel system**
- **Adjustable screen holders** accommodate a wide variety of screen sizes
- **Designed for everything** from ultra-thin substrates to heavy board stock

## 4-Color Process Printing • Job Recall™ • SoftVac™ Vacuum System

Renegade has up-front control of SoftVac,™ M&R's whisper-quiet, high-volume vacuum system. Vacuum and blowback are each independent and adjustable. Options include M&R's dripless squeegee attachment, which automatically flips to the opposite direction against the front of the floodbar, and Renegade's stepper-motor peel system, which provides flat flood capability and single-point fingertip control.

*Movable control panel is easy to navigate, with programming and prompts in plain language*

*Vacuum bed dial indicators measure movement in .0025 cm (.001") increments*

SPECIFICATIONS	Renegade 2638	Renegade 3040	Renegade 3850	Renegade 4056
Air @ 6.9 bar (100 psi)	170 l/min (6 cfm)	170 l/min (6 cfm)	170 l/min (6 cfm)	170 l/min (6 cfm)
