

Tag Along® Pallet

One-step Front & Tag Pallet

Print the front and tag of a garment in one step

Available in two sizes:
18"x12" and 23.5"x16"

Developed by

**IVINGSTON
SYSTEMS**

The Tag Along® pallet (Licensed Patent # US9302462B2, USD76577551), developed by Livingston Systems, dramatically increases profitability for neck-tagging jobs by reducing production time significantly. This is accomplished by printing both the main graphic and the neck tag in one pass and a single dryer cure. No other solution competes with the efficiencies that Tag Along pallets provide. Other neck-tagging solutions require a second dryer pass, further handling of the garment, and the requirement for more floor space in the shop for a stand-alone device. No additional floor space is needed for the Tag Along—it's all built into the pallet itself!

Compatible with M&R manual and automatic presses, these pallets will make an immediate difference in profitability. There's no need for special training—simply adjust how you load the shirt onto the platen!

FEATURES

- Print a main graphic and a neck tag in one print step
- Two pallet sizes available: 12" wide or 16" wide
- Save time and improve accuracy by removing steps

SPECIFICATIONS	TAG12 PALLET	TAG16 PALLET
Dimensions (H x W)	30 x 46 cm (12" x 18")	41 x 60 cm (16" x 23.5")
Weight	12 lbs	16 lbs
