

SAFETY DATA SHEET

1. Identification

Product identifier **CNTOP Pigment Ink Magenta ver.R**
Recommended use Use in accordance with supplier's recommendations.
Recommended Restrictions Industrial Use Only
Company Name Shenzhen Cntop Printing Equipment Co., Ltd.
NO 322, Yuanhu Rd, Zhangbei Industrial Area. Xinlian
Community, Longcheng street, Longgang
district, Shenzhen, 518172 China

cntop@vip.163.com
Fax number +86-755- 23217841
Emergency phone number +86-755- 23007775

2. Hazards identification

GHS classification
Physical hazards Not classified.
Health hazards Not classified.
Environmental hazards Not classified.

GHS label elements
Signal word None.
Hazard symbols None.
Hazard statement None.

Precautionary statement
Prevention None.
Response None.
Storage None.
Disposal None.

Supplemental information 9.9 % of the mixture consists of component(s) of unknown acute oral toxicity. 15.14 % of the mixture consists of component(s) of unknown acute dermal toxicity. 43.18 % of the mixture consists of component(s) of unknown acute inhalation toxicity. 25.68 % of the mixture consists of component(s) of unknown acute hazards to the aquatic environment. 25.68 % of the mixture consists of component(s) of unknown long-term hazards to the aquatic environment.

3. Composition/information on ingredients

Components	CAS #	Percent
WATER	7732-18-5	45-55
hydrosoluble solvent	Trade secret	15-25
2-(2-BUTOXYETHOXY)ETHANOL	112-34-5	1 - 5
Pigment	Trade secret	1-5

4. First aid measures

First aid procedures
Inhalation If breathing is difficult, remove to fresh air and keep at rest in a position comfortable for breathing. Call a physician if symptoms develop or persist.
Skin Rinse skin with water/shower. Get medical attention if irritation develops and persists.
Eye Immediately flush eyes with plenty of water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention immediately.
Ingestion Rinse mouth thoroughly. Get medical advice/attention if you feel unwell.
Most important symptoms and effects, both acute and delayed Prolonged exposure may cause chronic effects.
Notes to physician Symptoms may be delayed.

General advice Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.

5. Fire-fighting measures

Suitable extinguishing media Water spray. Alcohol resistant foam. Dry chemical powder. Carbon dioxide (CO₂).

Unsuitable extinguishing media Avoid water in straight hose stream; will scatter and spread fire.

Specific hazards arising from the chemical During fire, gases hazardous to health may be formed.

Protective equipment and precautions for firefighters Self-contained breathing apparatus and full protective clothing must be worn in case of fire. Wear suitable protective equipment.

Protection of fire-fighters Move containers from fire area if you can do so without risk. Water runoff can cause environmental damage.

6. Accidental release measures

Personal precautions Keep unnecessary personnel away. Keep unnecessary personnel away. Keep people away from and upwind of spill/leak. Ensure adequate ventilation. Local authorities should be advised if significant spillages cannot be contained. For personal protection, see section 8 of the SDS. For personal protection, see section 8 of the SDS. Wear suitable protective clothing, gloves and eye/face protection.

Environmental precautions Avoid discharge into drains, water courses or onto the ground.

Methods and materials for containment and cleaning up Use water spray to reduce vapours or divert vapour cloud drift. This product is miscible in water.

Large Spills: Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Absorb in vermiculite, dry sand or earth and place into containers.

Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination.

Never return spills to original containers for re-use. For waste disposal, see section 13 of the SDS.

7. Handling and storage

Handling Do not handle, store or open near an open flame, sources of heat or sources of ignition. Protect material from direct sunlight. Do not breathe mist or vapour. Do not get this material in contact with eyes. Avoid contact with skin. Avoid prolonged exposure. Do not use in areas without adequate ventilation. Wear appropriate personal protective equipment. Wash thoroughly after handling. Avoid release to the environment. Do not empty into drains. Observe good industrial hygiene practices.

Storage Store in a cool, dry place out of direct sunlight. Keep away from heat, sparks and open flame. Store in original tightly closed container. Keep container tightly closed. Store in a well-ventilated place. Keep away from food, drink and animal feeding stuffs. Use care in handling/storage. Store away from incompatible materials (see Section 10 of the SDS). Store in accordance with local/regional/national/international regulation.

8. Exposure controls / personal protection

Control parameters

US. ACGIH Threshold Limit Values

Components	Type	Value	Form
2-(2-BUTOXYETHOXY)ETHA NOL (CAS 112-34-5)	TWA	10 ppm	Inhalable fraction and vapor.

Engineering controls Provide adequate general and local exhaust ventilation.

Personal protective equipment

Eye/face protection Chemical goggles and face shield are recommended.

Skin protection Wear suitable protective clothing.

Respiratory protection Chemical respirator with organic vapour cartridge.

Hand protection Wear appropriate chemical resistant gloves.

9. Physical and chemical properties

Appearance

Physical state Liquid.

Colour Red.

Form Liquid.

Odour Slight.

Odour threshold	Not available.
pH	7 - 10
Melting point/Freezing point	Not available.
Boiling point	> 100 °C (> 212 °F)
Flash point	Not available.
Evaporation rate	Not available.
Flammability (solid, gas)	Not applicable.
Flammability limits in air, lower, % by volume	Not available.
Flammability limits in air, upper, % by volume	Not available.
Vapour pressure	Not available.
Vapour density	Not available.
Solubility(ies)	
Solubility (water)	dispersible in water
Partition coefficient (n-octanol/water)	Not available.
Auto-ignition temperature	Not available.
Decomposition temperature	Not available.
Viscosity	< 15 mPa·s @25°C
Specific gravity	Not available.
Density	1.05 - 1.15 g/cm ³ @25°C
Other data	
Surface tension	30 - 40 mN/m @25°C

10. Stability and reactivity

Reactivity	The product is stable and non-reactive under normal conditions of use, storage and transport
Chemical stability	Material is stable under normal conditions.
Possibility of hazardous reactions	No dangerous reaction known under conditions of normal use.
Conditions to avoid	Contact with incompatible materials. Avoid exposure to high temperatures or direct sunlight.
Incompatible materials	Strong oxidising agents.
Hazardous decomposition products	No hazardous decomposition products are known.

11. Toxicological information

Toxicological data

Components	Species	Test results
2-(2-BUTOXYETHOXY)ETHANOL (CAS 112-34-5)		
<u>Acute</u>		
Dermal		
LD50	Rat	2000 mg/kg
Oral		
LD50	Rat	5000 mg/kg
Routes of exposure	Inhalation.	
Acute toxicity	Based on available data, the classification criteria are not met.	
Skin corrosion/irritation	Not available.	
Serious eye damage/eye irritation	Not available.	
Respiratory sensitiser	Not available.	
Skin sensitisation	Not available.	
Mutagenicity	Not available.	
Carcinogenicity	Not available.	
Reproductive toxicity	Not available.	
Specific target organ toxicity - single exposure	Not available.	

Specific target organ toxicity - repeated exposure	Not available.
Aspiration hazard	Not available.
Chronic effects	Prolonged inhalation may be harmful.
Symptoms	Not available.
Other information	Not available.

12. Ecological information

Ecotoxicological data Components	Species	Test results
2-(2-BUTOXYETHOXY)ETHANOL (CAS 112-34-5)		
Aquatic		
Acute		
Algae	EC50	Green algae (<i>Scenedesmus bijugatus</i>) > 100 mg/l, 96 hours
Crustacea	EC50	Daphnia magna > 100 mg/l, 48 hours
Fish	LC50	Bluegill (<i>Lepomis macrochirus</i>) 1300 mg/l, 96 hours
Ecotoxicity	Harmful to aquatic life. Contains a substance which causes risk of hazardous effects to the environment.	
Persistence and degradability	No data is available on the degradability of this product.	
Bioaccumulation	No data available for this product.	
Mobility	This product is miscible in water.	
Hazardous to the ozone layer	No data available.	
Other information	Not available.	

13. Disposal considerations

Disposal methods	Dispose of contents/container in accordance with local/regional/national/international regulations. Do not allow this material to drain into sewers/water supplies. Do not contaminate ponds, waterways or ditches with chemical or used container. This material and its container must be disposed of as hazardous waste. Contract with a disposal operator licensed by the Law on Disposal and Cleaning. When your own wastewater treatment plant is not available, collect entire waste and then charge to a licensed industrial waste management professional with manifests for industrial waste.
Waste from residues / unused products	Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).
Contaminated packaging	Empty containers should be taken to an approved waste handling site for recycling or disposal. Since emptied containers may retain product residue, follow label warnings even after container is emptied.

14. Transport information

IATA	Not regulated as dangerous goods.
IMDG	Not regulated as dangerous goods.

15. Regulatory information

Regulatory information	Ensure this material in compliance with federal requirements and ensure conformity to local regulations.
Montreal Protocol	Not applicable.
Rotterdam Convention	Not applicable.
Stockholm Convention	Not applicable.

16. Other information

Issue date	11-April-2017

Disclaimer

This safety data sheet was prepared in accordance with JIS Z 7253:2012. The information in the sheet was written based on the best knowledge and experience currently available. This product is intended for industrial use only. Should it ever be applied for medical or other purposes, this is completely the responsibility of the purchaser. Ingesting or injecting this product or using it in such a manner that some of it might remain within the body is forbidden. Do not do this under any circumstances. This information is based upon the latest data available to us, but should not be read as a guarantee of the contents, physical properties or danger and harmfulness levels. Since all chemicals may have hitherto unknown deleterious properties, care should always be taken during use. It is the responsibility of every user to establish the necessary safety precautions before employment. In addition, the present information is intended for normal usage; however, if special usage is contemplated, then the appropriate safety precautions and application conditions should be carefully prepared.
